In 1869 the Electric Telegraph was amalgamated with the Post Office Department, and from that period the Revenue and Expenditure for both services appear under one head.

A separate account of packets was not kept previous to the year 1866.

* The cost of construction and repairs of Electric Telegraph lines (which in 1879 amounted to £23,939 lls. 2s.) is not included in these figures. Previous to the year 1873 expenditure of the kind was borne upon the Estimates of the Public Works Department.
